

List of Figure and Table

List of Figure

Figure1.1 – Optimization process diagram	4
Figure 1.2 – Optimization categories	5
Figure 2.1 - Graph representation	11
Figure 2.2 - Graph with label edges	11
Figure 2.3 - simple graph representation	12
Figure 2.4 - Directed Graph	13
Figure 2.6 - sub-graph example	14
Figure 2.7 - complete graph example	14
Figure 2.7 - adjacency matrix example	15
Figure 2.10 - dominating set example	17
Figure 3.1 - case of failure in greedy algorithm	22
Figure 3.2 - pseudo-code for a general greedy approach	22
Figure 3.3 - an illustration example of the MWDS problem	24
Figure 3.4 - input undirected weighted graph with white nodes	26
Figure 3.5 - Vertex 0 is selected by the heuristic in the first iteration	27
Figure 3.6 - Vertex 2 is selected by the heuristic in the second iteration	27
Figure 3.7 - Vertex 7 is selected by the heuristic in the third iteration	28
Figure 3.9 - Vertex 8 is selected by the heuristic in the fifth iteration	28

List of Table

Table 2.1 – notations and definitions	18
Table 4.1 – comparison result on SM T1 instance	31
Table 4.2 – comparison result on SM T2 instance	32
Table 4.3 – comparison result on Large T1 instance	33
Table 4.4 – comparison result on Large T2 instance	34
