

List of tables

CHAPTER I: Introduction to Cryptography

Table I.1: Difference between Symmetric Key and Public Key	14
---	----

CHAPTER II: AES Cipher

Table II.1: Round constant for 512-bit AES rounds	36
--	----

CHAPTER IV: Implementation & Experimental Results

Table IV.1: FirstAESEncryption class	58
Table IV.2: FirstAESDecryption class	58
Table IV.3: SecondAESEncryption class	59
Table IV.4: SecondAESDecryption class	59
Table IV.5: HLESEncryption class	59
Table IV.6: HLESEncryption class	60
Table IV.7: BaseTransformation class	60
Table IV.8: Settings class	60
Table IV.9: Encryption / Decryption time of text file	65
Table IV.10: Encryption / Decryption time of JPG image	66
Table IV.11: Encryption / Decryption time of PNG image	67
Table IV.12: Encryption / Decryption time of MP3 sound	68
Table IV.13: Encryption / Decryption time of MP4 video	69
Table IV.14: difference of memory space at one point of time	71
Table IV.15: evolution of brute force attack for 128-bit and 256-bit key size	72
