

Acknowledgements

I cannot begin and finish my work without thanking the greatest and the most powerful "Allah" for blessing me to complete this work.

I would like to express my sincere gratitude to my supervisor professor Abdelaziz Amroune for the continuous support, for his patience, for his guidance helped me the whole time of research and writing of this work.

My thanks to the president of the jury professor Lemnaouar Zedam and the examiners professor Ladjelat Lahcene and professor Soheyb Milless for devoting thier time and thier effort to read and examine my work.

I would like to express my sincere gratitude to my soul mate Abdelwahhab Amroune, my belived husband who have supported me through my study journey.

I am very grateful to my mother and father. Their prayers, passionate encouragements, and generosities have followed me everywhere to give me a lot of power.

My sincere thanks to my dear sisters and brothers, especially my little brother Ayman. you were the main supporters of me along my study, I am deeply grateful for them.

My thanks to all people of our faculty and the mathematics department.

At last, we would to thank all the people who helped, supported and encouraged us to achieve our dream.
